# press release

## Robert Hurd achieves CIMS "ISSA Certification Expert" Designation

**GMI Building Services, Inc.** is honored to announce that Robert Hurd, Business Development Manager, has recently successfully achieved the required number of professional credits to maintain his CIMS "ISSA Certification Expert" (I.C.E.) designation and is certified as both an official ISSA Cleaning Industry Management Standard and CIMS-Green Building Certification Expert.

The International Sanitary Supply Association (ISSA), the World Wide Cleaning Industry Association, created in the last year the Cleaning Industry Management Standard (CIMS), the first consensus-based management standard that outlines the primary characteristics of a successful, quality cleaning organization. **GMI Building Services, Inc.** was one of the first twelve companies to achieve certification to both the ISSA Cleaning Industry

Management Standard (CIMS) and the recently introduced CIMS-Green Building (CIMS-GB) criteria. Results from attaining these prestigious certifications include improved efficiency, greater customer satisfaction, and an overall better quality of service for your company. Acquiring this crucial, value-added program, CIMS certification, is not an easy task and that is where a CIMS "ISSA Certification Expert" can help by offering training, service and guidance to cleaning organizations preparing to be certified to the CIMS Standards. Additional details regarding CIMS and CIMS-GB certification can be found [here](#).

**GMI** commends and congratulates Bob for his continued commitment to excellence, professionalism and personal growth on this outstanding accomplishment. As an I.C.E. Expert, Bob can provide his expertise and experience on how to comply with CIMS and achieve certification to the Standard. For assistance implementing a CIMS Certification Program at your facility, please contact Bob at (949) 307-0074 or [rhurd@gmiweb.com](mailto:rhurd@gmiweb.com). For information on all of **GMI** janitorial, security and construction services/solutions, please visit the **GMI** website at <http://www.gmiweb.com>
